

To whom it may concern,

RE : LETTER OF RECOMMENDATION FOR LUFTER SDN BHD.

Fonterra Brands (M) Sdn Bhd has engaged with LUFTER Sdn Bhd for our last project on 2016. The project was relatively huge and very complex due to the nature of it being a brownfield project. The scope was to replace all the existing old HVAC system with the new energy efficient HVAC system while maintaining the production process to keep on going without interruption.

The whole new system was designed, built, commissioned and validated to comply with HACCP, GMP, and ISO standards. LUFTER Sdn Bhd has been proven to be able to perform under a very tight schedule, strict construction rule, and a very challenging construction environment.

With all these challenges, I can say I am grateful to have selected LUFTER Sdn Bhd for this project.

Yours faithfully,

FONTERRA BRANDS (M) SDN. BHD. (25562-M)
(Formerly known as New Zealand Milk (M) Sdn. Bhd.)
