Dear Sirs

**Re: Letter of reference for Mr Simon Loh Chi Yin of Lufter Sdn. Bhd.**

Simon Loh Chi Yin and his company Lufter Sdn. Bhd. have worked with Lend Lease on the design and construction of a number of pharmaceutical facilities in Asia over the past 10 years. Projects of note include Pharmaniaga's small volume parenteral facility in Puchong, Malaysia, and renovation works at GSK Consumer Healthcares facility in Ampang, Malaysia.

For the Pharmaniaga project, Simon delivered all of the specialist MVAC system design, installation, and testing for the facility which included PIC/S grade A/B aseptic filling rooms. For GSK, Simon's team upgraded the MVAC system within the operational GMP facility.

I have found Simon and Lufter Sdn. Bhd. to have good core competency in design and practical knowledge in delivering MVAC installation within a pharmaceutical GMP environment.

Yours sincerely
