

Subang Jaya Medical Centre

To Whom It May Concern,

25 June 2023

RE: LETTER OF RECOMMENDATION FOR LUFTER SDN. BHD.

Subang Jaya Medical Centre has engaged with Lufter Sdn.Bhd. for our hot lab facility in year 2022. Lufter Sdn. Bhd. was entrusted with the task of designing and constructing a state-of-the-art hot lab facility for our medical center.

From the beginning of the project, it was evident that their team possessed the expertise and dedication required to deliver exceptional results. The hot lab project demanded a high level of precision and adherence to safety standards, as it plays a crucial role in our medical center's ability to conduct advanced diagnostic and therapeutic procedures.

Their team demonstrated effective project management skills, completing the construction within the agreed-upon timeframe and budget. Moreover, they were responsive to any inquiries or concerns we had along the way, maintaining open lines of communication throughout the project's duration.

I have no hesitation in recommending Lufter Sdn. Bhd. for any future projects that require their specialized skills in construction and engineering. Their professionalism, competence, and dedication are exemplary, and I am confident that they will continue to excel in their field.

Sincerely,

.....
Ms Tan Siew Choo

Director of Facility Development
